FLOORING

LONWOOD NATURAL WITH TOPSEAL

Lonwood Natural pairs the timeless aesthetics of wood with the benefits of high-performance sheet vinyl in colors that range from earthy to quirky. Its soft grain patterning and smooth surface make Lonwood Natural ideal for those who want the warmth of wood with easier maintenance. Ideal for corporate, healthcare, retail and hospitality applications, and coordinates beautifully with our Loneco® and Lonfloor Flecks collections.

Lonwood Natural features **Topseal**, Lonseal's factory-applied urethane finish that protects the floor and simplifies routine maintenance. Topseal is applied in a 30-micron wear layer and extends the life of the flooring by protecting it from wear due to staining, soiling and scuffing.
