

LONSEAL® FLOORING

STRENGTH • PERFORMANCE • TRUST

What do LONSEAL® and athletes have in common?

STRENGTH • PERFORMANCE • TRUST

The most dedicated and intense athletes in the world require top of the line equipment to stand up to the intensity of their training. That includes flooring. Lonseal knows that having the highest and strongest quality, with the lowest VOC emitting flooring allows fitness enthusiasts to push their strength to the maximum level.

LONSEAL® LONWOOD PERFORMA was engineered to perform in explosive and intense fitness environments, especially Hot Yoga. Lonwood Performa is a high quality resilient sheet flooring with shock absorption qualities to help relieve some of the pressures exerted from physical activities. It features an anti-fatigue, cushioned-step, closed-cell foam-backing that is designed especially for high-impact activities.

Lonwood Performa now comes in three new colors: SABLE, SILVER LAKE, and MOCHA LATTE.

Lonseal has a reputation for having the most trusted resilient sheet flooring. Trust is a critical component of peak performance. Just like athletes and fitness-minded individuals, Lonseal continually focuses to build and maintain your trust in our brand.
