LONZEBRA WITH TOPSEAL

Make a waiting room come alive and stylish with **LONZEBRA's** striated wood look that captures the exotic look of the African Zebrawood. This striking, contrasting pattern is available in seven evocative colors. Standard with **TOPSEAL**, a factory-applied urethane finish that protects the floor, reduces scuffing and simplifies routine maintenance.

Lonseal® has provided the care and aesthetics needs in healthcare spaces for over 40 years. Having the reputation for the highest quality sheet vinyl products, Lonseal is known to focus on essential care-giving attributes such as stain and slip-resistance, **GreenMedic®** anti-microbial formula exclusive to Lonseal, and having the lowest VOC properties of any vinyl flooring product on the market.
