Note: Please contact Customer Service for products not shown in this list. Welding thread in **bold** indicates that glazing of the thread is required (refer to the Welding Thread TDS for more information).

^aNo specific welding thread exists for this color. The thread shown is the closest match possible, but some color variation may be noticeable.

^bThe Topseal or high gloss urethane finish version of this color will use the same thread.

^cDue to its heavy embossing, proper heat welding of this product is not possible.

^dWelding thread shown for Londeck products (if applicable) are for interior installations only; exterior installations of Londeck products must always use overlap welds.

^eNo specific welding thread exists for this color, and there are none similar.

^fAlternate thread for this color is ZTMW370F.

^gAlternate thread for this color is ZTMW379L.
