

LONSEAL[®]

FITNESS FLOORING

What do LONSEAL® and athletes have in common?

STRENGTH • PERFORMANCE • TRUST

The most dedicated and intense athletes in the world require top of the line equipment to stand up to the intensity of their training. That includes flooring. Lonseal knows that having the highest and strongest quality, with the lowest VOC emitting flooring allows fitness enthusiasts to push their strength to the maximum level.

Lonseal has a reputation for having the most trusted sheet vinyl flooring. Trust is a critical component of peak performance. Just like athletes and fitness-minded individuals, Lonseal continually focuses to build and maintain your trust in our brand.

LONWOOD® PERFORMA

"As a yoga student and instructor, I think [Lonseal's wood looks](#) are the perfect solution for every type of yoga studio..."

"The wood look is attractive and welcoming. You feel safe. The floor is not slippery. The slight cushion under foot feels good to stand on and adds to the comforting, calming feeling. The extra cushion is soothing to the knees during kneeling poses.

The floor is dry and odorless. You feel confident the floor is clean enough to lie on when you are face down doing bow, cobra, locust and pigeon poses. When the floor gets wet, it's a quick and easy dry-mop clean up for the teachers between classes. Routine maintenance is effortless."

Lonseal offers other fitness flooring products such as **LONCOURT® I** and **LONCOURT® UV**. Both are specifically designed for multi-purpose fitness rooms and provides the traditional gymnasium design concept.

LONCOURT® I meets all NCAA requirements for bounce, can hold up to the impact of retractable bleachers, and accepts painted game lines and graphics.

LONCOURT® UV pairs the durability and aesthetics of the original Loncourt flooring with a factory-applied urethane finish for easier maintenance. This reduces the lifetime cost of the floor by eliminating the need to reapply coats of finish over time.

Both are FloorScore® Certified have GreenAir® & GreenMedic® formulation, and contributes to LEEDv4.1.
