Note: Please contact Customer Service for products not shown in this list. Welding thread in bold indicates that glazing of the thread is required (refer to the Welding Thread TDS).

^aNo specific welding thread exists for this color. The thread shown is the closest match possible, but some color variation will be noticeable.

^bProduct has been discontinued; limited quantities are available.

^cThe Topseal or high gloss urethane finish version of this color will use the same thread.

^dDue to its heavy embossing, proper heat welding of this product is not possible.

^eThe welding thread shown for Londeck and Londeck Sierra are for interior installations only; exterior installations must always use overlap welds.

^fNo specific welding thread exists for this color, and there are none similar.

^gAlternate thread for this color is ZTMW370F.

^hAlternate thread for this color is ZTMW379L.
