

Lonseal Fitness Flooring adds a new color to Lonwood Performa line up.

LONWOOD PERFORMA is broadening its range by introducing a new color variant to its portfolio.

CARSON, CA, USA, February 13, 2024 /[EINPresswire.com](https://www.einpresswire.com/)/ --

[Lonseal Fitness Flooring](#)³ adds a new color to [Lonwood Performa](#)² lineup. This development signifies the brand's commitment to offering diverse, stylish options to its customers.

Golden Oak was chosen for the following reasons.

Aesthetic Appeal: It adds a touch of elegance and sophistication to any room, making it a popular choice for gyms, yoga and hot yoga.

Versatility: Golden oak is a versatile color that complements various interior design styles. Whether you have a traditional, contemporary, or transitional decor theme, this color can seamlessly blend in and create a cohesive look.

Timeless: Golden oak has a classic appeal that stands the test of time. Unlike trendy colors that may go out of style quickly, golden oak is a timeless choice that can maintain its charm for years to come. This can be particularly beneficial if you're looking for a long-term flooring solution.

Warmth: The golden hues in the oak color can add warmth to a room, creating a cozy and inviting atmosphere. This is especially beneficial for spaces where comfort and a welcoming ambiance are desired.

Easy Maintenance: Sheet vinyl flooring is known for its durability and ease of maintenance. The golden oak color, in particular, can help conceal dirt, scratches, and minor imperfections, making it more forgiving compared to lighter-colored floors. Regular sweeping, occasional mopping and prompt cleanup of spills are usually sufficient to keep it looking great.

LONWOOD PERFORMA features an anti-fatigue, cushioned-step, closed-cell foam-backing that is designed specifically for high-traffic and high-impact aerobic and fitness activities. A wood-grain sheet, it is ergonomically designed, sound-absorbing, and helps prevent injuries. Ideal for fitness, gym, and yoga (including hot yoga) applications.
